Season: 2016

brought to you by WCU DESIGN

Ideaology

The objects we surround ourselves with in our homes reveal us to the world. Let yours speak volumes.

Expect more from design (we do).

Menu's philosophy is simple. We want to make the world better, less complicated, a little bit nicer to wake up to. Collaborating with super-talented designers, we make objects to be treasured now... and forever. We work with some of the most exciting and driven creative individuals from the worlds of architecture and design to produce high quality design with a crisp Scandinavian look.

At Menu we are obsessed with clever solutions for modern living. We want to make beautiful objects for everyday use, whether that's an indispensable item of kitchen equipment, a clever floating shelf or a beautiful vase that adds the finishing touch to your living space.

Wherever we can, we work locally with craftspeople around the world, preserving skills while creating the best modern design.

Kettle Teapot
Eastern zen philosophy meets Scandinavian design in Kettle Teapot. Guaranteeing a perfectly brewed cup every time, this teapot will instantly become part of your daily tea drinking ritual. The tea egg is placed in the centre of the pot while the tea is steeping. When the brewing has finished, raise the egg by pulling its silicone string.

Steel Stand Clock
A Scandinavian company through and through, Norm Architects are celebrated for their clean and minimalistic designs. In a playful twist, the bottom of Steel Stand Clock's face is bent backwards into a base, making it versatile and portable. Put it anywhere in the home. Available in different soft Scandinavian colours, with matching coloured or steel hands.

Optical Candle Holder
Add a dinner party conversation-starter to your table with Optical Candle Holder. By a feat of optical illusion, its geometrical shapes appear to be caught in a balancing act mid-air. Inspired by creative experiments with geometry at the legendary Bauhaus school, the candle holder is made out of powder coated steel and has a matte coating.
