design by Foersom & Hiort-Lorenzen MDD

The minimalist Pure table is designed by the Danish designer duo Foersom & Hiort-Lorenzen, MDD. The tabletop is made of porcelain ceramic, and the simple frame is offered in stainless steel, powder-coated lava grey or white aluminium.
A 100% natural product, the tabletop is available in concrete grey, basalt, graphite or as a tile version in a mottled graphite. The combination makes for a very light yet strong tabletop.

The Pure table is easy to maintain, scratch-resistant and can be wiped over with a damp cloth. The table is UV-resistant and can withstand being outdoors all year round.

Available in two sizes:
200 x 100 cm and 100 x 100 cm – stainless steel and lava grey aluminium.
200 x 100 cm – white aluminium
