Willmann Vase

Product Type

Vase

Production Process

The bottom glass is made by borosilicate tube, and the concrete by moulded concrete.

Dimensions (cm / in)

Ø: 12 cm / 4,7"

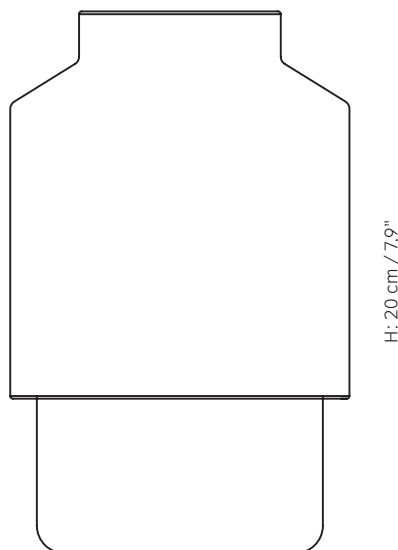

H: 20 cm / 7,9"

Materials

Concrete, Glass

Colours

Light Grey

Ø: 12 cm / 4,7"

Care Instructions

Glass: Normal dishwasher liquid can be used. For stains, please use a light soap such as dishwashing soap on a wet cotton cloth. We recommend using a cloth to dry, afterwards. Do not use any cleaners with chemicals or harsh abrasives.

The Concrete: Use a soft dry cloth to clean. Do not use any cleaners with chemicals or harsh abrasives. Avoid using water.

Quite literally bringing something new to the table, Willmann Vase perfectly connects the opposites of glass and concrete, fragility and toughness. It's raw, grey exterior shows off freshly cut blooms beautifully.

About the Designer

Hanne Willmann is an industrial designer based in Berlin. Her core competencies lie in the areas of furniture, lights and tableware.

Experimenting with various materials and their innumerable combinations forms the basis of all her work. Her inventive designs are characterized by her deep passion for details and the high value placed on aesthetic appeal.
