The Cage Collection designed by Form Us With Love for Danish Menu is a new solution for storing and arranging everyday objects – three practical cage units, including a mirror, a shelf and a table with an ash wood lid, suitable for any area. The Cage Collection, presents simplicity for storing your favorite items without taking up too much space, expressing your own inspiring style. Placing your items often becomes our daily rituals, habits and routines. The small objects that we carry tell our story and together form our individual distinctiveness. The cage family is inspired by behaviors. Where we put our objects in the home and how we store things. The Cage collection has a strong functional ambition while the pieces also become beautiful interior accessories.
