The first chair ever to be designed for Menu, the Afterroom Chair has been stripped back of any unnecessary components to reveal the essential functions of a chair in its most simplistic form. The Afterroom Chair pays homage to Bauhaus and functionalism with a design that combines minimalistic clean lines with good quality materials to create an aesthetically stunning piece of design, without compromising comfort, in any way.

Following the success of the original chair, the series now features two additional sizes—Bar and Counter Chairs—with new upholstered finishes using the finest Aniline leather and Kvadrat textiles, providing further luxury and comfort. Using the same innovative and simple concept, new additions of the Afterroom Bar, Counter and Dining Chairs come with a fourth leg, providing additional support and stability.

About the Designer

Afterroom is a Stockholm-based design studio, respecting wear and tear and the passage of time. Founded and directed by Hung-Ming Chen and Chen-Yen Wei, the studio's mission is simply to create beautiful products which will increase in value with the passage of time—design with which one can grow old. The inspiration derives from an intriguing interest in forms, senses, proportions, materials and cultures. The philosophy pivots around simplicity and honesty.
