

LIFE MADE COMFORTABLE

square | lounge

design by Foersom & Hiort-Lorenzen MDD

Square series is the essence of luxury and passionate craftsmanship.

The beautiful teak base construction consists of perfectly matched squares, resulting in an airy and light, yet solid frame with an exclusive look. Cushions are made from intelligent, innovative quick-dry foam with a unique airflow system. The Cane-line Softtouch[®] fabric allows for easy maintenance and all-weather usage. The Square lounge series is made from WWF[®]-certified teak.

Square lounge with grey Cane-line
soft-touch® and QuickDry System

square | lounge

Our innovative Soft-touch® fabric has the feel and look of indoor furniture fabric, but with excellent properties like:

- All weather resistance
- Easy cleaning and maintenance
- UV-resistant
- Non-absorptive, stain-repellant
- Cane-line Soft-touch® cushions come with QuickDry function

Cane-line Softtouch® is a combination of 48% coated polyester sling and 52% solution-dyed acrylic fabric. Cane-Line tex® is made of 100% coated polyester sling.

Innovative and smart seat sliding function, which allows the seat to be pushed forward, giving the chair a reclined seating position.

Cane-line Teak is supplied from WWF/GFTN, certified members in Indonesia, whose teak originates from Perhutani and comes from responsible managed forests.
