FUNCTIONAL AND BEAUTIFUL

For over a decade, WGU Design has had a keen eye for the design and craftsmanship of luxury indoor and outdoor furniture. All materials used in our products are of the highest quality and are created with durability and longevity in mind. It is our passion to make people forget their daily stresses while relaxing in one of our many stunning pieces of designer indoor and outdoor furniture notably made by Cane-line and Artisan. Every piece is a blend of quality, simplicity and modern elegance.

Our extensive range of indoor furniture, outdoor furniture and accessories embrace the colours of nature and will transform every indoor and outdoor space into a place where you can relax and enjoy time with family and friends in luxury on any occasion.

In addition to showcasing Cane-line's largest display in Australia, WGU Design is also one of Cane-line's only Flagship partners outside of Europe. Our years of expertise and variety with respect to finishes, colours and fabrics, also make us a valued partner for the commercial and residential sector. From the design phase to the finished project, you will experience our indoor and outdoor expertise.

Ultra Durable

Outdoor Fabric

Solution dyed
acrylic

Yarn dyed

SUNBRELLA® FIBRES ARE STEEPED IN TOP QUALITY DYES DURING THE ACTUAL MANUFACTURING PROCESS, WHEN THE ACRYLIC IS STILL LIQUID.

As a result, Sunbrella yarn is coloured all the way to the core so its original vibrancy lasts on and on. There's absolutely no comparison to ordinary procedures whereby the yarn or fabric is simply dipped in dye which therefore only penetrates the outer layers.

Tested to meet ISO 105 B02 and ISO 105 B04 standards, Sunbrella® fabrics score as follows :

- UV colour fastness (ISO 105 B02) : 8/8
- Weather condition colour fastness (ISO 105 B04) : 4-5/5

Weather Resistant

Sunbrella outdoor fabric is engineered to withstand Mother Nature, resisting the harmful effects of exposure to the sun, rain, humidity.

Durable

Sunbrella performance fabrics are made for living, standing up to wear with long-lasting strength.

Fade & UV Resistant

Stabilized UV and colour pigments prevent Sunbrella fabrics from fading, as well as becoming damaged and breaking down.

Mould & Mildew Resistant

Fabrics are mould and mildew resistant, making for weather-proof furniture that can be left outside all year round.

Easy to Clean

Sunbrella fabrics are easy to clean by blotting spills with a clean, dry cloth and using mild soap and warm water.

Stain Resistant

Sunbrella fabrics are engineered with built-in stain resistance and a protective finish that won't wash away, standing up to life's toughest messes.
